CONDUCTED BY THE

BROTHERS OF THE CHRISTIAN SCHOOLS.

THIS Institution offers Students every facility for acquiring a thoroughly Christian and practical Education—an education that will not only enable, but engage them to fulfill faithfully their duties as Christians, and thus make them good and useful members of society.

The Brothers are trained to the work of education; it is their vocation—the sole object of their Society. They live in the same house, sit at the same table, preside at the recreations, and, as far as possible, form a family circle with the Students, in order the more easily to gain their confidence, and thus be in a position to direct them successfully in their studies.

THE STUDIES.

The Studies are divided into two distinct courses—Collegiate and Commercial.

The usual Academic Degrees are conferred on those who merit the distinction.

The Business or Commercial Course is thoroughly organized, and forms a separate Department. A Diploma is awarded to those who complete this course and pass the required examination.

All the classes are examined publicly at the end of each Term

The result of the monthly examinations of each Student is sent to the Parents or Guardian.

Besides the usual Class Exercises in Elocution, Literary Societies are organized to give the Students further opportunity for the cultivation of General Literature and Public Speaking.

TERMS.

(Payments Invariably in Advance.)

Board, Washing, Tuition and Medical Attendance $150 00

Students in the Graduating Class of either Department will be charged Twenty-five Dollars additional per Term.

Music and Drawing Extra.

DAY STUDENTS.

Preparatory, Intermediate, and Commercial Departments, per term of Five Months $40 00

Collegiate and Business Departments 60 00

For further particulars, apply at the College, or at the Sacred Heart College, corner of Eddy and Larkin streets.

NON-FORFEITURE PROVISIONS OF POLICY.

WHEN AFTER TWO FULL ANNUAL PREMIUMS shall have been paid on this Policy, it shall cease or become void solely by the non-payment of any Premium when due, **its entire net reserve,** by the American Experience Mortality and interest at four per cent. yearly, less any indebtedness to the Company on this Policy, **shall be applied by the Company as a Single Premium** at the Company's rates published and in force at this date, either, **first,** to the purchase of non-participating **term** insurance **for the full amount insured by this Policy:** or, **second,** upon the written application by the owner of this Policy and the surrender thereof to the Company at Newark within three months from such non-payment of Premium, to the purchase of a non-participating Paid-up Policy payable at the time this Policy would be payable if continued in force. Both kinds of insurance aforesaid will be subject to the same conditions, except as to payment of Premiums, as those of this Policy. No part, however, of such term insurance shall be due or payable unless satisfactory proofs of death be furnished to the Company within one year after death; and if death shall occur within three years after such non-payment of Premium, and during such term of insurance, there shall be deducted from the amount payable the sum of all the Premiums that would have become due on this Policy if it had continued in force.

THE FOLLOWING TABLE

shows the amount that the Company agrees to loan (being one-half of the reserve) upon a satisfactory assignment of the Policy as collateral security; also the additional time for which the insurance will be continued in full force after lapse by non-payment of premium; or the value of the Policy in Paid-up Insurance upon surrender within three months from date of lapse. The figures given are based upon the assumption that the premiums (less current dividends) have been fully paid in cash. If there be any indebtedness upon the Policy, the values as stated in the table would have to be reduced proportionally upon the principles stated in the Policy. The indebtedness, if any, may be paid off in cash, in which case the figures in the table will apply.

PACIFIC
BUSINESS COLLEGE,

320 Post St., opp. Union Square.

The design of this Institution is to impart such an education as will best prepare students for the practical affairs of life. It provides thorough, systematic and practical courses of instruction, and employs a full corps of competent and faithful teachers. Every available modern improvement has been introduced, and whatever a liberal expenditure of money and well-directed energy could do, has been done to make the school what it should be, and to maintain for it a reputation worthy of its rank.

The Business Course, both theoretical and practical, is as near perfection as it is possible to make it. The system of *Actual Business Training* employed is unsurpassed, students receiving the same practice in conducting business affairs as though they were in a *bona fide* bank, office, or counting-house. Practical Penmanship is made the subject of daily drill.

The Academic Course affords an excellent opportunity for persons of any age to obtain thorough instruction in Spelling, Reading, Writing, etc., the Higher Mathematical branches, and the Modern Languages.

The Telegraphic Course is well calculated to make proficient operators. It includes careful instruction in *sound* and *paper* operating, setting up of instruments, management of batteries, use of switches and ground wires, etc.

General Information.—Day and Evening Sessions during the entire year. Students can enter at any time. Ladies are admitted to all the departments of the school. Individual instruction is given. Life Scholarships for the complete Business Course are issued at $70.

MANUFACTURERS AND PATENTEES OF THE LATEST IMPROVED

SELF-REGULATING WINDMILLS

AND HORSE POWERS.

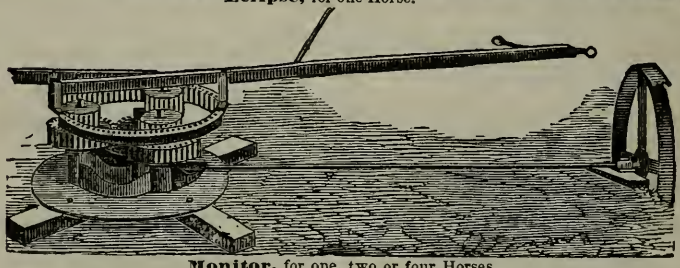
Also, Tanks and all kinds of Pumping Machinery.

Krogh's Patent latest Improved self-regulating Windmill, and 1st Premium Horse-Power, for all purposes, such as pumping water, chopping feed, churning, sawing wood, running machinery for manufacturing, mechanical or other purposes.

Our latest improved self-regulating Windmill was patented March 15, 1881; is warranted to be the best wind machine ever invented; very simple in construction, strong and durable; will pump more water than any windmill now in use, and once put up they require no attention whatever except oiling. They are built to withstand and adapt themselves to the fury of the gale as well as to light breezes, and to work steadily **without expense.**

Our Horse-Powers are complete in every detail, and possess every improvement and advantage that can be combined in such machines. They are provided with air-tight, dust-proof, self-oiling journals. Two men can take either of them apart and put them together with ease.

Tanks, Pumps, Pipes, Shafting, Pulleys, etc., furnished to order.



Dairy Queen, for use of Dairymen.

Economy, for 1 or 2 Horses.

EXCELSIOR SELF-REGULATING WINDMILL

It is the Best for Eight Reasons:

First—It is a positive self-regulator. Second—It has less working parts. Third—It is direct acting. Fourth—It has less joints. Fifth—It has less points of friction. Sixth—It has less points to oil. Seventh—It requires less attention. Eighth and last, but not least—It is offered to the public at as low a price as many of the inferior mills now being sold in this market.

The **EXCELSIOR WINDMILL** was awarded the first or cash Premium at the California State Agricultural Fair in 1872—the only time ever exhibited there—and it has received a larger number of premiums at the Mechanics' Institute Fairs, in San Francisco, than any other Windmill ever exhibited there.

The Excelsior is manufactured at **EXCELSIOR WINDMILL AND PUMP WORKS, 211 Mission St., San Francisco, H. H. BODWELL & SON, Proprietors.**

N. B.—All our work is fully guaranteed. We also manufacture a **ROSETTE WHEEL**, from 10 to 16 feet in diameter. This Mill is self-regulating, and is a good, substantial Mill, and is offered to the public at fully 15 per cent. less than any mill sold in this market.

Send for ILLUSTRATED CATALOGUE AND PRICE LIST, or if in town, call and see us and examine our work, and we will suit you in price and quality, for we are going to sell to the consumer at the lowest price possible.

☞ Every Mill fully guaranteed,

CALIFORNIA WINDMILL PUMP.

GENUINE
AROMATIQUE

FINEST STOMACH CORDIAL.

Prepared by THEO. LAPPE, Neudietendorf, Germany.

FAC-SIMILE OF BOTTLE. BEWARE OF IMITATIONS.

SOLE AGENTS FOR

Pommery Sec,
Gilka Kimmel,
Stomatique Cordial,
Dubos Freres, Bordeaux.

The AROMATIQUE is a preparation, made of the finest herbs and drugs, for more than half a century favorably known and accepted by the Public and the Medical Profession throughout Germany and other continental countries, as well as in the United States and the British Colonies.

The Gold, Silver and other Medals and the Certificates received from the highest professional authorities guarantee the value of this CORDIAL as a TONIC for general use, and as inestimable in cases of LOSS of APPETITE, DYSPEPSIA, FLATULENCY, DIARRHŒA, etc. A small glassfull taken will soon show its beneficial effects.

It is also highly recommendable for mixing with WINES, LIQUORS and MINERAL WATER, and a small quantity of it added will give the beverage a fine and delicate flavor.

The AROMATIQUE has received a large number of TESTIMONIALS from medical men of the highest order, of which a few read as follows:—

I have carefully analysed the "AROMATIC BITTERS" Liqueur prepared by TH. LAPPE. It consists of a very delicate and agreeable combination of diffusible aromatic tonics which are admirably adapted to promote appetite and digestion, being quite free from the objectionable coarse bitters commonly sold as such. These bitters supply a want long felt in this country, namely, as a harmless and pleasant dietetic stimulant for every day use.

I am faithfully yours,
H. C. BARTLETT,
London. *Ph. D. F. C. S.*

I have subjected the "AROMATIQUE" to a thorough analytico-chemical pharmalogical examination, and have found it to satisfy all scientific requirements, being prepared according to correct and scientific principles. Physicians may recommend it without hesitation, and the public may at all times use it as a most excellent dietary preparation.
DR. HESS.
Approved Apothecary of the first class, examining chemist and scientific expert for medical, technical and chemical articles of every kind.
Berlin.

I can recommend these exceedingly efficacious stomach bitters as a most invigorating as well as blood-purifying preparation which has the power of stimulating and strengthening the impaired activity of the digestive organs.
DR. MED. GROVEN,
Surgeon of the Staff in the Royal Reserve Hospital.
Langensalza, Prussia.

The "AROMATIQUE" is composed only of harmless vegetable substances, and I highly recommend it in all disorders of the stomach and liver.
[L. S.] DR. JACOBI.
Neudietendorf.

I have known the "AROMATIQUE" for the past forty years, and on account of its ingenious composition it has become a public favorite, and can justly be recommended as an eminently useful as well as nicely flavored preparation.
[L. S.] DR. E. H. NICOLAI.
Arnstadt.

The "AROMATIQUE" has been used for years by many physicians with great success in weakness of the stomach and digestive organs, and also as a prophylactic against epidemic diseases.
DR. F. HASSENSTEIN,
District Physician, Ichtershausen, Germany.

RAILROAD LANDS IN CALIFORNIA.

The attention of all heads of families or others contemplating permanent settlement in the West is called to the extraordinary offers now being made by the

CENTRAL AND SOUTHERN PACIFIC RAILROAD COMPANIES

— IN —

CHOICE FARMING AND FRUIT AND VINEYARD LANDS

Lying adjacent to the railroad in all the principal counties of the State, which are unexcelled in climate, healthfulness, productiveness of soil and accessibility of market, and include

The Best Wheat, Fruit, Grazing, Vineyard and Timber Lands in America

Adapted to all purposes of profitable agriculture, and may be had in tracts of 40 acres or upward, at prices ranging from $1.50 to $35 per acre, according to quality, location and accessibility to the main line of either road.

These lands will increase in value annually. Already thousands of heads of families have purchased lands along the Central and Southern Pacific Railroads, and have erected thereon splendid farms and homesteads, while many hold lands that they purchased a few years ago for from $2.50 to $20 per acre at from $25 to $250 per acre for speculative purposes.

Almost everywhere throughout the counties named, no snow, and only an occasional frost, that does no harm, is ever seen. There is really NO WINTER WEATHER in the valleys of California, and not one home in one hundred ever has a fire except for culinary purposes. The summer weather is never oppressive, as in the Eastern or Southern States, while the nights are cool the year round.

Every person contemplating permanent settlement west of the Alleghany Mountains should, before applying elsewhere, call upon or address either

Tourists visiting this State cannot find a more beautiful and diversified trip. The steamers leave the ferry slip at the foot of Market street for **Saucelito,** the only seaside Resort where good bathing, boating and fishing can be found. The route from here runs along Richardson's Bay to the base of Mount Tamalpais, one of the features surrounding the Bay of San Francisco. Stopping at the station named after the mountain, the traveler will find teams ready to take him up to the top of this giant, from which a magnificent view of the Farallone Islands and the Pacific Ocean can be had. Three and a half miles from this station are the far-famed **Fairfax Picnic Grounds;** thence in three quarters of an hour **Camp Taylor** is reached, where all facilities, including Dancing Hall and Bowling Alley for Camping and Picnic Parties, can be found. From this point to **Point Reyes Station,** a distance of eight miles, splendid trout streams abound, on whose banks most beautiful spots for private camps can be found. The route then skirts for a distance of sixteen miles the Bay of Tomales, which is covered with all kinds of wild fowl. The hills surrounding this town (**Tomales**) are one vast potato field, until nearly reaching **Valley Ford,** which town is situated in the grain district of the county; thence to **Freestone,** which is the beginning of the great Redwood Forests; thence along to **Howard's Station,** from which is shipped an immense quantity of bark and wood; thence along Russian River to **Duncan's Mills;** thence to **Ingrams,** which is the present terminus of the road, and one of the loveliest spots in the State, the **climate being as soft and mild as that of southern France.**

The Hotels and cottages are kept by old experienced hotelkeepers, thereby assuring every comfort and attention to the traveler.
